MICROPHONE CALIBRATION

1. Select the correct microphone from the "Microphone Selection" screen.

**NOTE:** If you don't see the name of your device in the hardware list, click the “Refresh List” button. If you still do not see the correct device, you may need to reboot your system with the USB headset attached in order to see the device.

2. Click “Continue” once your USB headset is selected.

3. Speak into the microphone in a normal tone. Say “1, 2, 3, 4, 5.” If your setup wasn't successful, click "Repeat Setup" and try again.

4. Click “Continue” to start your Course, once your microphone is setup properly.
